## 3. Terminal disclaimer with disclaimer fee

☒ Since this utility/plant application was filed on or after June 8, 1995, no terminal disclaimer is required.☐ A terminal disclaimer (and disclaimer fee (37 CFR 1.20(d)) of \$ \_\_\_\_\_ for a small entity or \$ \_\_\_\_\_ for other than a small entity) disclaiming the required period of time is enclosed herewith (see PTO/SB/63).

4. STATEMENT: The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. [NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

## WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**Petition for revival of an application for patent abandoned unintentionally under 37  
CR 1.137(b)**

12/22/2005

After the patent was filed on 11/06/2003 I waited to hear a reply from the PTO. I have two previous patents and was well aware that this is a lengthy process. Later I received a letter with the assigned application number for the application – 10/701,514. About a year after that I called and checked with the PTO on the status of the application. It was either at this time, or later when I called about the abandonment notice, that I talked with agent Cronin. The first time I called, I was told that everything was in order and the application was being processed. Apparently this was not the case and I later received the abandonment notice. Why I did not receive the necessary communiqué, or was told of any problems when I called, I do not know, I made an effort to check on the status.

After trying to understand what had happened by retracing my documentation, I decided to give up and just petition for revival of the application. It was at this time I was told by an agent on the phone that I should have 1 to 2 years to reapply, he wasn't 100% sure. I was disappointed I could not get a more definite answer. However, I did find the following at the PTO website under "Typical problems found in 37 CFR 1.137 Petitions" paragraph 4 –

*"While questions are not normally raised when petitions under the unintentional standard are filed within one year of the date of abandonment, it is not appropriate to intentionally delay . . . ."*

Given the Notice of Abandonment was mailed 01-6-2005, I have done my best to meet the one year recommendation and am meeting this deadline with this petition. The number one obstacle in filing the petition was the financing. This caused an unintentional delay along with not knowing there was an issue with the original application. However after funding was available, Hurricane Katrina struck. To this day I am still permanently dislocated and have lost many of my personal and business records, including my original copy of the patent application. I hope the PTO understands that the national tragedy due to Katrina was beyond any of our wildest dreams. We lost all of the computers and filing cabinets in our offices. You can see from the original application that I lived in New Orleans. My current temporary address is

3420 Government St.  
Ocean Springs, MS 39564

To add insult to injury, following this explanation you will find a print out of an email from the PTO explaining that the request for my copy of the patent has been denied. After I angrily explained that I had already explained my circumstances 3 times over the phone and had lost everything in Katrina, the PTO employee I was dealing with, finally processed my request.

Furthermore, it is confusing in that the number on the "Notice of Abandonment", 703-305-9282, is apparently not the correct number. Trying to call the number only gives me a recording that the number was dialed incorrectly. Please direct all correspondence to my new address. For these reasons, I am petitioning the USPTO to revive application number 10/701,514. Enclosed are the appropriate fees and replies.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kenny Lannes', with a long horizontal stroke extending to the right.
